

Riccardo Bertozzi

Date of birth: 30/04/1994 | Place of birth: Cesena, Italy | Nationality: Italian | Phone: (+39) 3484215490 (Mobile) | Email address: r.bertozzi94@gmail.com, riccardo.bertozzi.brnf@fc.omceo.it, riccardo.bertozzi@auslromagna.it | Website: <http://linkedin.com/in/riccardo-bertozzi-a061a2339> | Address: Via Cerchia delle Vigne 655, 47521, Cesena, Italy (Home)

Work experience

Consultant Cardiologist | AUSL Romagna - Riccione | 24/02/2025 - Current | Riccione, Italy

Fellow in Cardiovascular Imaging | UMC Utrecht & HagaZiekenhuis | 01/07/2024 - 20/12/2024 | Utrecht, Netherlands

Coronary Computed Tomography Angiography (CCTA)

Cardiovascular Magnetic Resonance (Cardiovascular MRI)

Transepophageal Echocardiography (TOE)

Transthoracic Echocardiography (TTE)

Clinical research

Business or sector Human health and social work activities

Cardiology trainee | IRCCS, Policlinico Universitario Sant'Orsola-Malpighi | 25/01/2021 - Current | Bologna, Italy

Pulmonary Hypertension (PH)

Intensive Care Unit (ICU)

Clinical Research

General practitioner (temporary replacement) | Dott. Alberto Nanni | 23/11/2020 - 20/12/2020 | Forlì, Italy

Education & Training

Professional Council subscription: Ordine dei Medici Chirurghi e degli Odontoiatri della Provincia di Forlì-Cesena, n° 5216 | Ordine dei Medici Chirurghi e degli Odontoiatri della Provincia di Forlì-Cesena | 26/03/2020 - Current | Forlì, Italy

University degree: Medicine and Surgery | Università degli studi di Bologna | 01/10/2013 - 17/07/2019 | Bologna, Italy

Final grade: 110 cum Laude | **Thesis:** Prognostic role of comorbidities in patients with pulmonary arterial hypertension

High School degree | Liceo scientifico Enzo Ferrari | 31/08/2008 - 30/07/2013 | Cesenatico, Italy

Final grade: 100/100

Licences and Certificates

ACLS EP - American Heart Association

ICH GOOD CLINICAL PRACTICE E6 (R2)

ACLS licence - American Heart Association

BLS/D licence - American Heart Association

IELTS Certificate - Cambridge

Lifeguard licence - F.I.S.A.

Publications

[Publication] Phenotyping of patients with mild pulmonary hypertension

Fabio Dardi, 1 Riccardo Bertozzi, 2 Alberto Ballerini, 2 Francesco Cennerazzo, 2 Federico Donato, 2 Daniele Guarino, 2 Alessandra Manes, 1 Elena Nardi, 3 Massimiliano Palazzini, 1,2 Nazzareno Galié 1,2 (2025). Open Heart

<https://doi.org/10.1136/openhrt-2025-003591>

[Publication] Influence of age in the assessment of therapeutic response in patients with pulmonary arterial hypertension

Fabio Dardi; Daniele Guarino; Alberto Ballerini; Riccardo Bertozzi; Federico Donato; Francesco Cennerazzo; Monica Salvi; Elena Nardi; Ilenia

[Publication] Ablation of Ventricular and Atrial Arrhythmias in the Era of Cardiac Magnetic Resonance

Pietro Costantini; Francesca Coraducci; Giulia De Zan; Damiano Fedele; Eleonora Ostillo; Riccardo Bertozzi; Federico Donato; Giuseppe Muscogiuri; Anna Giulia Pavon; Luca Bergamaschi et al. (2025). Echocardiography

<http://dx.doi.org/10.1111/echo.70150>

[Publication] Prognostic role of haemodynamics at follow-up in patients with pulmonary arterial hypertension: a challenge to current European Society of Cardiology/European Respiratory Society risk tools

Fabio Dardi; Daniele Guarino; Alberto Ballerini; Riccardo Bertozzi; Federico Donato; Francesco Cennerazzo; Monica Salvi; Elena Nardi; Ilenia Magnani; Alessandra Manes; Nazzareno Galiè; Massimiliano Palazzini; et al. (2024). ERJ Open Research

<https://doi.org/10.1183/23120541.00225-2024>

[Publication] Comparison of different treatment strategies in patients with chronic thromboembolic pulmonary hypertension: a single centre real-world experience

Dardi, F.; Rotunno, M.; Guarino, D.; Suarez, S. M.; Niro, F.; Loforte, A.; Taglieri, N.; Ballerini, A.; Magnani, I.; Bertozzi, R.; Donato, F.; Martini, G.; Manes, A.; Saia, F.; Pacini, D.; Galiè, N.; Palazzini, M. (2023). Comparison of different treatment strategies in patients with chronic thromboembolic pulmonary hypertension: a single centre real-world experience. Elsevier B.V. International journal of cardiology, 2023, Vol.391, p.131333-131333, Article 131333. International Journal of Cardiology

<http://dx.doi.org/10.1016/j.ijcard.2023.131333>

[Publication] Pulmonary Arterial Hypertension Associated with Portal Hypertension and HIV Infection: Comparative Characteristics and Prognostic Predictors

Fabio Dardi; Daniele Guarino; Francesco Cennerazzo; Alberto Ballerini; Ilenia Magnani; Riccardo Bertozzi; Federico Donato; Giulia Martini; Alessandra Manes; Nazzareno Galiè et al. (2023). Dardi, F.; et al. Pulmonary Arterial Hypertension Associated with Portal Hypertension and HIV Infection: Comparative Characteristics and Prognostic Predictors. J. Clin. Med. 2023, 12, 3425. Journal of Clinical Medicine

<https://www.mdpi.com/2077-0383/12/10/3425>

[Abstract] Efficacy comparison of prostacyclin analogue and prostacyclin receptor agonist as third line treatment for pulmonary arterial hypertension

2023.

F. Dardi, D. Guarino, A. Ballerini, I. Magnani, F. Donato, R. Bertozzi, G. Martini, A. Manes, N. Galiè, M. Palazzini. Efficacy comparison of prostacyclin analogue and prostacyclin receptor agonist as third line treatment for pulmonary arterial hypertension. ESC 2023

[Abstract] Analysis of prognostic predictors and differences between subgroups of pulmonary arterial hypertension associated with portal hypertension and HIV infection

2023.

F. Dardi, D. Guarino, A. Ballerini, I. Magnani, R. Bertozzi, F. Cennerazzo, F. Donato, G. Martini, A. Manes, N. Galiè, M. Palazzini. Analysis of prognostic predictors and differences between subgroups of pulmonary arterial hypertension associated with portal hypertension and HIV infection. ESC 2023

[Abstract] A clinical and echocardiographic score to differentiate pulmonary hypertension due to heart failure with preserved ejection fraction from idiopathic pulmonary hypertension: the PH-HFPEF score

2022.

F. Dardi, A. Ballerini, D. Guarino, F. Donato, R. Bertozzi, G. Martini, I. Magnani, A. Manes, M. Palazzini, N. Galiè. A clinical and echocardiographic score to differentiate pulmonary hypertension due to heart failure with preserved ejection fraction from idiopathic pulmonary hypertension: the PH-HFPEF score. European Heart Journal, Volume 43, Issue Supplement_2, October 2022, ehac544.768

[Abstract] A clinical and echocardiographic score to differentiate pulmonary hypertension due to heart failure with preserved ejection fraction from idiopathic pulmonary hypertension: the PH-HFPEF score

2022.

F. Dardi, A. Manes, D. Guarino, F. Chietera, M. Rotunno, A. De Lorenzis, A. Ballerini, F. Donato, I. Magnani, R. Bertozzi, M. Palazzini, N. Galiè. A clinical and echocardiographic score to differentiate pulmonary hypertension due to heart failure with preserved ejection fraction from idiopathic pulmonary hypertension: the PH-HFPEF score. CHEST 2022

[Abstract] Prognostic role of comorbidities in patients with pulmonary arterial hypertension

2022.

F. Dardi, R. Bertozzi, M. Palazzini, D. Guarino, A. De Lorenzis, M. Rotunno, A. Ballerini, I. Magnani, F. Donato, A. Manes, N. Galiè. Prognostic role of comorbidities in patients with pulmonary arterial hypertension. CHEST 2022

[Abstract] Prognostic value of pulmonary artery diameter in patient with pulmonary arterial hypertension

2022.

F. Dardi, F. Saia, M. Palazzini, F. Donato, F. Niro, D. Guarino, V. Russo, N. Taglieri, A. De Lorenzis, M. Rotunno, A. Ballerini, R. Bertozzi, A. Manes, L. Lovato, C. Marrozzini, N. Galiè. Prognostic value of pulmonary artery diameter in patient with pulmonary arterial hypertension. CHEST 2022

[Abstract] Prognostic stratification role of stroke volume index in patients with pulmonary arterial hypertension at intermediate risk

2022.

F. Dardi, A. Manes, D. Guarino, A. De Lorenzis, M. Rotunno, I. Magnani, A. Ballerini, F. Donato, R. Bertozzi, M. Palazzini, N. Galiè. Prognostic stratification role of stroke volume index in patients with pulmonary arterial hypertension at intermediate risk. CHEST 2022

[Abstract] Role of cardiac magnetic resonance in stratifying the prognosis of patients with pulmonary arterial hypertension

2022.

A. De Lorenzis, F. Dardi, M. Palazzini, D. Guarino, A. Ballerini, M. Rotunno, I. Magnani, F. Donato, R. Bertozzi, A. Manes, N. Galiè. Role of cardiac magnetic resonance in stratifying the prognosis of patients with pulmonary arterial hypertension. CHEST 2022

[Abstract] Survival of patients with pulmonary arterial hypertension and chronic thromboembolic pulmonary hypertension listed for lung transplantation

2022.

I. Magnani, F. Dardi, G. Dolci, E. Salvaterra, M. Palazzini, GM. Paganelli, D. Guarino, A. De Lorenzis, F. Antonacci, A. Ballerini, R. Bertozzi, M. Rotunno, F. Donato, N. Daddi, P. Solli, N. Galiè, A. Manes. Survival of patients with pulmonary arterial hypertension and chronic thromboembolic pulmonary hypertension listed for lung transplantation. CHEST 2022

[Abstract] Short term effect of selexipag in comparison to prostacyclin analogues in pulmonary arterial hypertension patients started on double-combination therapy with era and pde5 inhibitors

2022.

F. Dardi, A. Manes, A. Ballerini, D. Guarino, M. Rotunno, A. De Lorenzis, I. Magnani, F. Donato, R. Bertozzi, M. Palazzini, N. Galiè. Short term effect of selexipag in comparison to prostacyclin analogues in pulmonary arterial hypertension patients started on double-combination therapy with era and pde5 inhibitors. CHEST 2022

[Abstract] Prognostic value of electrocardiographic parameters in patients with idiopathic/heritable/drug-induced pulmonary arterial hypertension

2022.

F. Dardi, R. Bertozzi, D. Guarino, I. Magnani, M. Rotunno, A. Ballerini, F. Donato, G. Martini, A. Manes, M. Palazzini, N. Galiè. Prognostic value of electrocardiographic parameters in patients with idiopathic/heritable/drug-induced pulmonary arterial hypertension. European Heart Journal Supplements, Volume 24, Issue Supplement_K, December 2022, suac121.262

[Abstract] Post-operative outcome of adult patients with pre-tricuspid shunt undergoing defect closure

2022.

I. Magnani, A. Manes, F. Dardi, E.C. D'Angelo, D. Guarino, A. Ballerini, M. Rotunno, F. Donato, R. Bertozzi, G. Martini, M. Palazzini, A. Danti, N. Galiè. Post-operative outcome of adult patients with pre-tricuspid shunt undergoing defect closure. European Heart Journal Supplements, Volume 24, Issue Supplement_K, December 2022, suac121.260

[Abstract] Analysis of prognostic predictors and differences between subgroups of pulmonary arterial hypertension associated with portal hypertension and HIV infection

2022.

F. Dardi, F. Donato, D. Guarino, I. Magnani, R. Bertozzi, M. Rotunno, A. Ballerini, G. Martini, A. Manes, M. Palazzini, N. Galiè. Analysis of prognostic predictors and differences between subgroups of pulmonary arterial hypertension associated with portal hypertension and HIV infection. European Heart Journal Supplements, Volume 24, Issue Supplement_K, December 2022, suac121.258

[Abstract] Efficacy comparison of prostacyclin analogue and prostacyclin receptor agonist as third line treatment for pulmonary arterial hypertension

2022.

F. Dardi, G. Martini, D. Guarino, I. M., M. Rotunno, A. Ballerini, R. Bertozzi, F. Donato, A. Manes, M. Palazzini, N. Galiè. Efficacy comparison of prostacyclin analogue and prostacyclin receptor agonist as third line treatment for pulmonary arterial hypertension. European Heart Journal Supplements, Volume 24, Issue Supplement_K, December 2022, suac121.259

[Abstract] A clinical and echocardiographic score to differentiate pulmonary hypertension due to heart failure with preserved ejection fraction from idiopathic pulmonary hypertension: the PH-HFpEF score

2021.

F. Chietera, F. Dardi, M. Rotunno, M. Palazzini, D. Guarino, A. Ballerini, I. Magnani, R. Bertozzi, F. Donato, L. Rapparini, A. Manes, N. Galiè. A clinical and echocardiographic score to differentiate pulmonary hypertension due to heart failure with preserved ejection fraction from idiopathic pulmonary hypertension: the PH-HFpEF score. European Heart Journal Supplements, Volume 23, Issue Supplement_G, December 2021, suab139.011

[Abstract] Experience of 5 years of balloon pulmonary angioplasty in a single centre: safety and short-term results

2021.

D. Guarino, M. Palazzini, F. Saia, F. Dardi, N. Taglieri, A. De Lorenzis, A. Ballerini, M. Rotunno, I. Magnani, F. Donato, R. Bertozzi, C. Marrozzini, A. Manes, N. Galiè. Experience of 5 years of balloon pulmonary angioplasty in a single centre: safety and short-term results. European Heart Journal Supplements, Volume 23, Issue Supplement_G, December 2021, suab133.010

[Abstract] Prognostic role of comorbidities in patients with pulmonary arterial hypertension

2020.

F. Dardi, M. Palazzini, R. Bertozzi, E. Zuffa, D. Guarino, A. De Lorenzis, F. Pasca, I. Magnani, M. Rotunno, A. Ballerini, A. Manes, N. Galiè. Prognostic role of comorbidities in patients with pulmonary arterial hypertension. JACC Volume 75, Issue 11 Supplement 1, March 2020

[Abstract] Prognostic role of comorbidities in patients with pulmonary arterial hypertension

2019.

A. De Lorenzis, F. Dardi, R. Bertozzi, M. Palazzini, A. Rinaldi, F. Pasca, E. Zuffa, D. Guarino, I. Magnani, M. Rotunno, A. Ballerini, A. Manes, N. Galiè. Prognostic role of comorbidities in patients with pulmonary arterial hypertension. G Ital C

Conferences & Seminars

Pulmonary Hypertension Congress, Bologna 2023 | 17/11/2023 - 18/11/2023 | Bologna, Italy

Member of the Faculty, relator, oral presentation: Pulmonary Arterial Hypertension due to congenital heart disease

European Society of Cardiology Congress, Amsterdam 2023 | 25/08/2023 - 28/08/2023 | Amsterdam, Netherlands

ePoster: Analysis of prognostic predictors and differences between subgroups of patients with pulmonary arterial hypertension associated with portal hypertension and HIV infection

83° Congresso Nazionale della Società Italiana di Cardiologia, Rome 2022 | 15/12/2022 - 18/12/2022 | Rome, Italy

Oral presentation, Abstract: Prognostic value of electrocardiographic parameters in patients with idiopathic, heritable, drug-induced pulmonary arterial hypertension.

39° Congresso Conoscere e Curare il Cuore, Florence 2022 | 20/10/2022 - 23/10/2022 | Florence, Italy

Oral presentation, Moderated Poster: Some Emboli Are "Harder" than Others

CHEST Congress, Bologna 2022 | 27/06/2022 - 29/06/2022 | Bologna, Italy

ePoster: Prognostic Role of Comorbidities in Patients with Pulmonary Arterial Hypertension
